MANNLICHER

MODELS

SL	L
M	S

The new „STEYR-MANNLICHER“ line of rifles and carbines continues the development of the time-honored „MANNLICHER-SCHÖNAUER“ repeater, – a rifle with a fine tradition backed by more than a century of experience in this field. Precision-made „STEYR“ hunting rifles are today well known and in great demand in all countries of the world.

SPECIAL CHARACTERISTICS:

Attractive styling,

enclosed action

New hammer rifled barrels providing greater strength, longer wear and precision accuracy.

Barrel is free-floated for target quality performance.

Lightning fast ignition as a result of short-stroke lightweight firing pin.

Exceptional safety thanks to 6 generously dimensioned, symmetrically arranged, locking lugs.

Customized action tailored to the specific length of the cartridge for which it is chambered.

Lightweight, removable, rotary-drum type box magazine with traditional „Mannlicher“ straight-line feed.

Light sporter weights in all calibers.
